The Best Equipped Sailing Centre in the Mediterranean

Boats

With whole fleets of boats from the leading manufacturers including Laser, RS, Ovington and Fusion, our range of equipment is both extensive and exceptional.

We use top quality Hyde sails, and constantly renew and update our equipment. We keep up with the latest advances in our sport, and will provide you with the latest equipment and boats.

By selecting the best boats from the main manufacturers we offer a broad range of sailing craft, providing you with everything from stable and easy to sail boats to the most radical designs. With our wide selection of different single hander boats and numerous types of two man asymmetrics to sail, you will be spoilt for choice.

While our most sailed fleet are the Lasers, we excel in many types of asymmetric boats, from the ever popular 2000s and RS 200s to the extremely challenging Musto Skiffs, RS 800s and foiling dinghies.

You will always find a boat available to suit your level of ability and will have the opportunity to try out many or all of our craft, depending on your sailing skills.

Windsurfers

Our centre offers the latest windsurf boards from Fanatic, JP Australia, Starboard, Tabou, Goya and Severne. Our windsurf sails come from the leading manufacturers NeilPryde, Severne and Goya. We also have foils from NeilPryde and AFS, and foiling specific boards from AHD.

Ses Salines & Fornells Bay

The idyllic and unspoilt bay of Fornells provides an outstanding sailing area with a narrow opening to the sea. It offers an endless variety of winds and sailing conditions for the expert, along with the secure feeling of land ahead for the beginner.

Our specialist sailing and windsurfing centre is in Ses Salines, just south of Fornells on the edge of the bay. It is a small, friendly sailing village away from the tourist beat.

Here life revolves around the beach, village shop and local bars. All of our accommodation in Ses Salines is only a minute or two’s walk from the beach and sailing centre.

Fornells, at the head of the bay and a short walk from Ses Salines, is a small, whitewashed fishing village, typical to Minorca. In summer, its harbour becomes a popular overnight haven for visiting yachts and the bars and restaurants have a lively evening atmosphere.

Travelling to Minorca is easy

With over a dozen regional UK airports to choose from, travelling to Minorca from any part of the country is quick and easy.

Minorca is less than two hours away from London, and Ses Salines is a 25 minute journey from the airport.

Depending on flight times, you can sail on the day you arrive and on the day you leave.

Dining Out

Ses Salines
In Ses Salines itself, ‘Ca Na Marga’ is popular for its barbecued steaks and bustling atmosphere. Most sailors meet up here at the end of the day to enjoy a drink in the beer garden which has a pleasant club ambience.

‘Hotel Port Fornells’, set just back from the beach, is a convenient place to have a drink or snack throughout the day.

‘Restaurant Ses Salines’, just above the beach, commands an inspiring view over the sailing centre and the bay, and is well known in Minorca for its fresh fish cuisine and high standard of service.

Fornells
Renowned throughout Spain for its lobster and mediterranean seafood, Fornells’ restaurants have a pleasant quay-side ambience. You can enjoy eating in the open air whilst looking out at the yachts in the bay. Choose between simple local dishes, or indulge in a wealth of fresh seafood.

Within 15 minutes by car there are many small country restaurants, some tucked up in the side streets of inland villages and some in picturesque, rural settings. They have varied menus, with paella, salt baked fish, roast suckling pig, barbecued meats and many other interesting dishes to tempt you.

The magnificent harbours of Mahon and Ciudadella are lined with yachts of every size. Relax and enjoy a meal at one of the many harbourside restaurants, each with a character of its own.
Friends, Couples & Singles

A Minorca Sailing holiday is an ideal choice if you’re travelling on your own or with friends. Our structured days of morning and afternoon group tuition are the perfect way to get to know other people in a friendly and sociable setting.

Whether it’s during the on-land theory sessions, whilst out sailing or windsurfing around the bay, or even in a more competitive spirit during our 5 day race series, you will be mixing with others and having a fun and exciting time.

In May, June, September and October we organise a group meal on your arrival night at a local restaurant, giving you a chance to meet people right from the start of your holiday.

Every Saturday after your first day on the water, we hold an informal sangria drinks party on the beach, providing a great opportunity to meet up with fellow sailors and instructors and discuss the day’s activities.

If you’re travelling on your own you can enjoy staying in our small, family run hotel, or choose to share an apartment or villa where you can expect a relaxed, happy atmosphere and a pleasant social life.

The Family Holiday
The Specialist Sailing Centre

Sailing with us is designed to be as varied and flexible as possible so that every individual's preference and enjoyment is catered for. We have an extensive choice of sailing boats to choose from. With our large and varied fleet there is always a boat available and you'll have the chance to try out the whole range of craft.

Whether you're a complete novice, a competent Laser sailor, new to asymmetric sailing or an experienced racer, you can be assured that we will help you learn new skills and improve your sailing technique whilst on holiday with Minorca Sailing.

Sailing Programme

We organise structured days providing you with group tuition in the mornings and continued instruction in the afternoons with the opportunity to race daily. At the informal briefing on the beach each morning, we'll give you a weather report and outline the possibilities for the day. Depending on wind and weather, you may be sailing inside the bay, perhaps learning a new skill like using the gennaker or a trapeze, improving your race starts or perfecting what you already know.

Within the group sessions your instructor will use a mixture of theory and simulator lessons, on-water coaching, video analysis, and demonstrations throughout the day to enhance your knowledge, sailing skills and racing tactics.

Every afternoon after the group sessions or race we offer additional tuition where you can try out a new boat with an experienced instructor onboard, or concentrate on learning and improving a specific skill. You can also use this time to learn how to windsurf or improve your windsurfing technique.

RYA Certificates

With the help of our qualified instructors, RYA levels can be achieved and certificates awarded, from Basic Skills through to Performance Sailing, whilst on holiday with Minorca Sailing. Tuition is included, however, the certificates and log books are an additional cost.
Getting Afloat

If you've never sailed before, you'll be amazed at how easy it all is. Instruction on the beach and then afloat from our experienced staff is thorough, skilful, sympathetic and informal.

Most of our absolute beginners are sailing a single handed Fusion in the safe, shallow waters by the end of the first afternoon. We will introduce you to sailing a two man boat during the week and able beginners often progress to sailing a single handed Laser by the end of their first week.

With a good ratio of instructors to beginner sailors you can rest assured that you will always be looked after. During the first morning on the water there will also be a safety boat assigned to your group for rapid attention to any matter which may arise. And Fornells Bay is reassurance itself: warm shallow water, locked in by the gentle hills and wooded countryside. Even learning to deal with a capsize is fun!

Our aim is to help all beginners achieve their RYA Level 2 course whilst on holiday with Minorca Sailing, presenting them with their certificate at the end of the week.
Improve Your Sailing Skills

Sailors who wish to take to the water in Lasers or asymmetric boats for the first time, will find our tailor-made groups ideal for learning and improving these skills. Your enthusiastic instructors will provide you with structured tuition and coaching in a fun atmosphere with lots of sailing practice. You will learn new skills, gain confidence and improve your all round technique. Beach based tuition followed by on the water practice will help you master new skills in no time.

Enter our daily afternoon race series and compete in lively and enthusiastic conditions.
Experienced sailors will find plenty to excite them at our specialist sailing school. Our sophisticated, fully equipped fleet is by far the biggest of any similar Mediterranean centre.

Our boats are on the water’s edge waiting for you to sail. Our instructors are always on hand to rig your boat of choice and assist you onto the water. There are Lasers with ample standard, radial and 4.7 rigs. Single handers include the RS Aeros, RS 100s, RS Vareos, Musto Skiffs and foiling dinghies.

You can sail with fleets of 2000s, RS 200s, RS 400s, RS 500s, 29ers as well as extending yourself on the RS 800s. Our highly experienced instructors and our popular video training will help you to improve your sailing techniques, gennaker control and racing tactics.

Reaching Ahead

With sail setting and boat tuning clinics held on the beach there is a wealth of knowledge to be taken away from your holiday with Minorca Sailing.
Foiling dinghies

Foiling is the latest revolution in the sport of sailing; flying above the water with increased speed and excitement. The magic lies in the foils which work like a wing, lifting the boat out of the water.

Please note that we are making changes to our line-up of foiling dinghies. Images on the page are stock images from the 2019 season and do not represent the foiling dinghies of our 2020 fleet.
Racing

Daily Racing
As a specialist sailing centre we offer racing daily. Every afternoon you can compete against your fellow sailors, providing you with plenty of practice and competition. For our keen racers we hold a 5 day race series, in addition to our end of week regatta.

Lasers
Lasers are our largest racing fleet. Over 50 Lasers can be raced every day. We have standard, radial and 4.7 rigs all readily available, enabling everyone to compete on a triangle course.

Asymmetrics
We have over 40 asymmetric boats allowing you to race daily in the craft of your choice on a windward, leeward course. You can choose to race in one of our popular racing fleets, such as the 2000s, RS Vareos, RS 100s, RS 200s, RS 400s, RS 500s and RS 800s. Or you can choose to race one of our many other asymmetric boats, in a handicap system.

Race Training
If you have never raced a boat, our experienced RYA instructors will introduce you to the rules involved and encourage you to go out and compete. For those who have raced before, our instructors have a multitude of tried and tested techniques and constructive advice to offer, helping you improve your racing skills and gain better results.

At Minorca Sailing we use a combination of theory sessions on the land, on the water practice, video analysis and GPS tracking for this training.

The video we take of you racing allows us to analyse your boat handling skills, and the GPS tracking device we fit to your boat once or twice a week, provides us with information to study your race starts and tactics. This useful feedback is discussed during early evening group sessions watching the video or GPS tracking system on a screen.

Our enthusiastic instructors encourage the group to become expert explorers whilst on holiday. During bay orienteering and destination sails they discover such places as Lizard Island, Castle Bay and Cactus Island.

For Explorers wishing to learn to windsurf, or for those who want to improve what they already know, our Rippers windsurf group (for ages 4-7) runs daily in the late afternoons.

There is the opportunity to race every afternoon with specific race training sessions being held throughout the week. Keen racers can join in with the main race video and GPS sessions, and there is a regatta held at the end of the week.

Young Sailors (10-12 years)

Beginner windsurfers start off on one of our many carefully chosen Junior boards and rigs. For keen and able board sailors we will help you improve your technique and skills such as using the harness and footstraps, planing, fast tacking, gybing and freestyle.

The Vulcan windsurf group (ages 8-12) runs daily in the late afternoons allowing young sailors to learn new windsurfing skills in a fun and enjoyable group environment, with the aim of achieving RYA Stage 1 by the end of the week.
Teenagers

It’s great to sail and windsurf! With our regular theory sessions, followed by on the water practice, it won’t be long before you’re racing all over the bay on the boat or board of your choice.

Beginners will find it doesn’t take long to learn the basics in the warm Mediterranean, while more experienced and capable sailors and windsurfers will find our extensive fleets and equipment, exhilarating, challenging and above all, fun!

We have an abundance of Fusions, Lasers and asymmetrics including RS Fevas, 29ers, 2000s, RS 100s, RS 200s, RS 400s and RS 500s for you to sail and race.

You’ll find a multitude of the latest windsurf boards, rigs and harnesses to choose from, to suit all abilities and wind strengths.

You can try your hand on one of our high performance craft and we can arrange for an instructor to accompany you on an asymmetric such as the 29er or RS 800. You can also try one of our radical single handers, such as the RS Vareo, RS 100 or the Musto Skiff.

A variety of activities are included in the daily programme, such as destination sails and on the water games, allowing for a great team spirit to develop within the group. The group coordinator will oversee all activities and organise safety cover for all our groups on the water.

For keen racers there are GPS race sessions and training along with a daily race series. There is also the end of week regatta.

Our lively RYA instructors organise and participate in evening activities with you. These include video coaching, beach volleyball and pizza nights.
The Bay of Fornells

The bay of Fornells is a large unspoilt landlocked area which can be sailed in all wind directions, it has a narrow opening to the sea and little disturbance from tides, providing a friendly and safe sailing environment for both sailors and windsurfers on all levels. To increase safety we ask all sailors to wear buoyancy aids at all times, and helmets in single handers in strong winds. With windsurfers we suggest buoyancy aids are worn when learning as recommended by the RYA.

Safety Boats

We consider that our motorised safety boats provide the best safety cover of any sailing centre in the world. With a fleet of Valiant 4.9m and Narwhal 4.8m semi inflatables with 25hp and 40hp Mercury four stroke engines, used for both teaching and safety cover.

Radio Communication

We consider that in any activity centre radio communication is essential. Our safety boats are linked to each other and the shore with IC-M501EURO radios. In addition to this our group sailing instructors carry IC-M33 waterproof radios, providing exceptional radio safety cover.

Safety Boat Drivers

All the instructors using the safety craft are RYA qualified and in addition to this we are an RYA Training Centre. So whether you are sailing out at sea, taking your first boat out in our sheltered waters or watching your children sail across the bay to a nearby island, you can be sure that quality, modern safety craft, with qualified drivers are always on hand whenever needed.

Staying in Ses Salines

All our accommodation is located in the village of Ses Salines and is within 3 minutes’ walk from the local shop, restaurants and moorings. Accommodation is available either in self-catering villas, villa apartments, or in the small family-run hotel. Our accommodation is personally selected and regularly used by our staff who can advise on individual requirements.

The local village shop stocks a comprehensive range of food and domestic items for your everyday needs. One of the advantages of self-catering is eating ‘at home’ when it suits you. Lunch couldn’t be easier - a crisp salad, fresh bread, perhaps the local cheese and some fruit.

Most villas have built-in barbecues enabling you to enjoy an occasional mediterranean meal on your own patio. When you wish to dine out there are two restaurants in the village. On the seafront with a commanding view of the bay is Restaurant Ses Salines. At the edge of the village, Ca Na Marga, a farmhouse-style barbecue restaurant, is a favourite evening meeting place.

Fornells is a short walk along the bay and has a number of excellent restaurants, cafés and tapas bars, as well as a variety of small shops, boutiques, supermarkets, bakeries, a children’s play park on the seafront, a post office and a bank.

Accommodation

Where To Stay

All our villas and villa apartments are for your travel party’s exclusive use, unless you choose to book ‘shared self-catering’, where you will be allocated accommodation on arrival and will have others to share with you. Please see page 71 for further information on shared self-catering.

We use a star rating *** to give an indication of the relative standard of our accommodation. For more detailed information, please call our office and talk directly with our staff who regularly stay in our accommodation and have an excellent knowledge of the finer details you may wish to know.

Other accommodation may be available in Ses Salines. Please enquire with our office for details.
